2010 Glendale Regional Travel Planner. Readers can step into the pages of Glendale through its new Regional Travel Planner, a glossy magazine-style guide that covers not only the city of Glendale, but the West Valley region.

The travel planner includes vital information about key destinations, events, maps and activities. A new feature in the guide incorporates tips from Glendale historian Ruth Byrne, which capitalizes on the city’s centennial. Leisure travelers, sports fans, tour guide operators, visitor centers, chambers of commerce, travel planners and media outlets request copies of the planner daily. Last year, there was a 73 percent increase in travel packets requested. This full-size visitor magazine costs the city nothing to produce and is fully supported by advertisers.

Also new this year is a fully interactive online version of the publication. The user-friendly online version allows visitors who are planning their trip to Glendale to see the guide right away and begin building their list of things to see and do. [Click here](#) to access the guide online.

To pick up a copy of the guide, stop by the Glendale Visitor Center located at 5800 W. Glenn Drive, #140 in downtown Glendale. For additional information about what’s going on in Glendale, go to www.visitglendale.com or call the Glendale Visitor Center at 623.930.4500.

Union Hills Drive Interchange Construction and Road Restrictions Update.

Recently crews removed the outer portion of the Union Hills Drive interchange bridge to prepare the bridge to be widened by an additional lane in each direction. That work went very smoothly and was completed several weekends ago. Construction to build the new outer portions of the bridge can now proceed. Please note the following road restrictions below due to the construction:

Beardsley Road between 81st and 83rd avenues. Beginning Feb. 17, portions of the sidewalk on Beardsley Road between 81st and 83rd avenues will be CLOSED until mid-March for utility work and sidewalk removal. Pedestrians will be guided around the work area, and the sidewalk on the opposite side of Beardsley Road will remain open for pedestrians.

Union Hills Drive at Loop 101. Left turns from eastbound Union Hills Drive to northbound Loop 101 will be restricted to one turn lane through late 2010 for interchange improvements.

Enroll Now in the Glendale Citizen Police Academy! The Glendale Police Department is accepting applications for the upcoming Citizen Police Academy that starts on April 7, 2010.

The Citizen Academy is a free program designed to give participants a chance to learn, hands on, about many police operations, such as the use of canines, crime scene investigations, and tactical operations. The curriculum also includes an overview of the police department's administration, police communications, and community-oriented policing.

Participants must be at least 18 years of age and be willing to undergo a background check including the fingerprinting process. All fingerprinting and applications must be completed and submitted no later than March 3, 2010. The academy is 11 weeks long and is held on Wednesday nights from 6:30 p.m. to 9:30 p.m. at the Glendale Regional Public Safety and Training Center. There are two Saturday classes, and one Monday and Tuesday evening class that is a part of this program as well.

“Click It or Ticket.” Officers from the Glendale Police Department are making a special commitment to help save lives on Arizona roadways by stepping up enforcement and reminding all drivers and passengers to Click It or Ticket.

The Arizona Governor's Office of Highway Safety awarded the City of Glendale \$30,000 for the Click It or Ticket program in 2009. The purpose of this program is to implement a demonstration project in Maricopa County to test the effects of conducting multiple, short-term Click It or Ticket mobilization periods. The goal is to sustain and increase the seat belt and car seat usage rates in Maricopa County.

Glendale's enforcement will take place February 27 through March 7th, 2010 and is designed to increase seat belt and car seat usage. Worn correctly, seat belts can significantly reduce the risk of fatal injury. High visibility enforcement of seat belt laws, like the Click It or Ticket program, has been effective in raising the awareness and the importance of seat belt and car seat usage.

Seat belts do save lives. Unless you want to risk a ticket, or worse - your life, please buckle up and drive safely.
